

PINK RIBBON TOUR

Kick-off! August 24th 10:00 A.M.
ARROWHEAD TOWNE CTR

Our Ribbon of Hope

Dave Graybill 2008

This ribbon was built in honor of all the people who battle cancer and the families who tirelessly work to make their lives better. A timeless statue to remind our future generations that people who are not affected by an illness can come together for those that are.

Join local firefighter Dave Graybill and the “Guardians of the Ribbon” on August 24th at 10:00 A.M. as they kick-off their 2 month Pink Ribbon Tour spreading breast cancer awareness in 32 cities across America. Dave and crew are asking motorcyclists to wear pink and escort the pink fire truck pulling the 10 foot stainless ribbon to Westgate City Center before proceeding to Tucson.

Yes, it's HOT, HOT, HOT, but we encourage hundreds of motorcyclists to give the Guardians a roaring sendoff on their “Cares Enough to Wear Pink Campaign.”
